

WHAT if you are a young man--you're still growing! You haven't filled out all you're going to. There are waves and gullies in your make-up that clothes made for developed figures bring out in all their gawkishness. That's why you've had to have a tailor make your clothes. He hid the bad spots.

College Brand Clothes aren't made for developed men. They're built just like the custom tailor tinkers suit. They're just meant for young fellows like you. Extreme, too--big shoulders--greatwide pants--lively patterns. The tailor's suit but not his price!

WORLE'S FAIR

NEWS NOTES

The Corcoran Cadet Corps, of Washington, D. C., will camp at the World's Fair next fall.

The Canadian Ticket Agents' Association will visit the World's Fair in a body during the week of May 16.

Sir Hugh Gilzean-Reid, of London, England, founder and first president of the Institute of Journalists, will preside at the World's Press Parliament at the World's Fair.

A novel exhibit of an enameled ware manufacturing company of Sheboygan, Wis., in the Manufacturers' Building at the World's Fair, is a monster tea kettle made of wood. The kettle is ten feet in diameter and eight feet high. It is coated with blue enamel.

A new system of sub-surface irrigation has been installed in the garden surrounding the British building at the World's Fair. This plan of irrigation will keep the lawns and flower beds green and bright in the hottest, driest weather.

The exercises of Cincinnati Day at the World's Fair will include addresses by Senator Foraker, Congressman Longworth, Mayor Fleischman, of Cincinnati, and Hon. Judson Harmon, United States Attorney General, under President Cleveland.

Sacramento County, Cal., exhibits at the World's Fair a large Seal of California made entirely of beans grown in the county. The seal is ten feet square and there are over twenty varieties of beans used in its construction. One million sacks of beans were grown in the county last season.

In the Forestry building at the World's Fair is an exhibit from a farm near Petersburg, Ind., of two remarkable beech trees. They are called "Twin Beechers." They are separate trees between which a horseman can ride but twenty feet above the ground they are joined together forming one top and making a unique arch.

MOONSHINERS

Were Faithfully and Cleverly Portrayed at the Grand Opera House by the National Stock Company.

The National Stock Company began a five night's engagement at the Grand opera house Monday night with a far-sized attendance. Owing to the sudden departure of a member of the company on account of illness the play scheduled for that evening, "The Evil Men Do," was not presented, but "King of the Moonshiners" was substituted. It was one fully representing and presenting the life of moonshiners in the mountains of Kentucky with the usual love story connected therewith as well as the discovery and capture of the still and those engaged in the business. The various actors played their numbers well and the audience was pleased and had a lot of fun. Every one present enjoyed the evening immensely. The specialties were all new and well presented. The play for to-night will be "The Evil Men Do." It has never been seen here. New specialties will also be given.

Kodol Dyspepsia Cure
Digests what you eat.

TO PURCHASE STOCK FOR DEPARTMENT STORE

Charles E. Lambert, general manager of the Watts, Lambert Company's department store, left Monday evening for New York, Philadelphia and Baltimore, on a purchasing trip. He makes the trip especially on account of the depleted carpet stock in his store and he will buy another stock. Other lines which have had an unusually large sale this spring will also be replenished by his purchases.

Pierce's Golden Rio Coffee makes a strong, fine flavored cup, no glaze to cover up imperfect grains and meets the requirements of the pure food law of every state. may7-6t

Boys get next and smoke "Levy's 332" five cent cigar, at Ben Levy's, 332 Pike street. tt.

Charley, where are you going? Going down to Levy's. Well I'll go along and get one of those 332 cigars. Best smoke in town. may5-6t

S. C. DENHAM, P. M.

HIGHLAND WELL IS A TEN-BARREL PUMPER

In the Salem district, in this county, the South Penn Oil Co. has drilled its test well on the M. Haymond farm 13 feet into the Gordon sand and unless it improves with deeper drilling, will make a very light pumper. The hole has filled up only about 100 feet with oil.

In the Folsom district, the South Penn has given its No. 2 on the L. P. Ten farm a shot and the well produced 50 barrels the first 24 hours.

In the Richmond Run district, Wetzel county, the test drilled by Tress, Brast & Dixon on the C. B. Highland farm is a 10 barrel pumper in the Big Injun sand.

In the Folsom district, this county, the same company has drilled its test on the Felix Coffman farm through the Gordon and the hole has filled up 2,500 feet with oil. The same company's No. 4 on the Catherine Lee farm has been drilled 30 feet into the stry sand and the well is not showing any oil or gas.

In the Salem district, in this county, the South Penn Company has completed its test on the S. J. Elure farm and the hole stands full of oil. It will be given a shot. In the same district, the test on the J. D. Law farm is producing 20 barrels a day.

QUARANTINE UNNECESSARY

Says the County Health Board of the Small Pox Situation at Salem--Not As Bad or Serious As Was Reported.

The county health board met here Monday evening to consider the small pox situation at Salem. The matter was carefully gone over and was found not to be serious as was reported and so they decided that the cases were being properly handled and that there was no immediate danger to other places. It is not thought that the disease will spread and no action toward quarantining the place from the balance of the world will be taken unless there is a serious spread of the disease within the town limits.

One Minute Cough Cure
For Coughs, Colds and Croup.

NOTICE.

A teachers' examination will be held at the Central school building in Clarksburg, May 26 and 27, 1904, beginning promptly at 9 a. m. All necessary papers to be used in passing the same will be furnished the applicants on morning of examination.

L. WAXMAN OGDEN, County Superintendent.

LAWYERS ARRANGE DOCKET.

The members of the bar pursuant to notice given by the clerk of the circuit court met Monday night at eight o'clock in the court house and arranged the docket for the May term of the court.

We are great believers in advertising---done judiciously. We don't do it as largely as it's often done.

The larger the advertisement the more it costs.

The greater the expense item of any business, the more profit has to be marked on.

Nobody is in business except to make money.

Hence, we find it a necessity to only expend a judicious amount in advertising---if we wish to sell goods right.

Advertise facts and furnish goods and prices that back them up. We don't herald "bargains" and half prices the year round but devote energetic effort and attention to procuring and having large, choice assortments of medium to finest and best in every line---buy well and then sell on a fair small profit basis.

For practical evidence see the present large assortment in every department, and the prices they're sold at.

Stationery, men's furnishings, shoes, leather goods and fancy work materials of every description.

PARSONS-SOUDERS Co.

For Weak, Languid People.

Weak, sickly people often remark "if I could only get something that would nourish me and give me strength," they do not know why, but the food they eat is of no benefit to them, they gain no flesh and feel no stronger. The fact is the stomach is too weak to perform its work, and the little appetite they once had is gone. The blood becomes more thin and watery, bringing on faint sick spells with loss of memory and ambition. There is a remedy for all this that acts in the right way. It is called Dr. Gunn's Blood and Nerve Tonic, and is sold by all druggists for 75c per box, of 3 boxes for \$2. It turns the food you eat into rich, red blood, making flesh and strength, creating an appetite because the system demands sustenance. Sold by Stone & Mercer.

BIDS FOR BRICK.

Sealed bids will be received until May 20 by Ellsworth Cork, chairman of the street committee of Clarksburg, for 400,000 paving brick and 250,000 brick for sidewalks to be delivered at points in the city to be designated by the street committee. Samples must be submitted with bids.

ELLSWORTH CORK, Chairman Street Committee.

A Chance for Northern Farmers.

Are you tired of our cold northern winters, with their sickness and disease? Are you tired worrying over the danger of a crop failure and consequent financial ruin? Are you tired of working hard all season without a fair financial return on your efforts? Do you want to avoid all this, and live in a country where the air is always balmy and the climate healthy; where crop failures are unknown and financial troubles vanish; where land can be bought cheaply and taxes are almost nothing; where churches and schools are plentiful and the country thickly settled?

All of these advantages can be secured along the lines of a double tracked rail road, and with the greatest markets in the United States at your very door.

A postal or letter addressed to the undersigned will bring you FREE OF CHARGE, descriptive matter and full particulars.

E. A. RICHTER, T.P.A., Ill. Cent. R. R., 512 PARK BUILDING, PITTSBURG, PA.
